

THE IFSPD PRESIDENTIAL FELLOWSHIP 2022

**The Sustainable Recycling
& Reuse Project**

ABOUT IFSPD:

IFSPD is an international non-governmental non-profit organization, established in 2009 by the initiative of distinguished intellectuals, scientific and public figures, diplomats, and representatives of influential non-governmental organizations from across the world.

IFSPD represents a civil society initiative for launching common actions and strengthening peace, dialogue, harmony, and cooperation between the countries of the wider Black Sea – Caspian Sea region in the field of enhancing democratic process, consolidation of civil society, economic development, environment, science, education, innovative technology, cultural diversity, tolerance and dialogue among civilizations.

Sangeeth Varghese

President of IFSPD,
WEF Young Global Leader,
Author 2 Global Bestsellers
& Founder LeadCap Ventures

IFSPD Presidential Fellows - an internship program for exceptional youth across the world - to drive projects that would promote peace, sustainability, and development.

To reinvigorate the youth & reinforce positivity in the world, we assembled together a handful of the best-talented youth from across the world.

During the course of a few months, these youth have been implementing projects of critical importance to help rebuild our world - under the umbrella of our esteemed foundation IFSPD.

We are happy to release the regular IFSPD project report - done by Issa Conteh a Chief Executive Officer, Environmentalist, with the project

"The Sustainable Recycling and Reuse Project".

I am sure you would find this report insightful, and keep our flag flying as we strive to build a Greater IFSPD.

Best Wishes,

The Sustainable Recycling & Reuse Project

Author

Issa Conteh is working as a Chief Executive Officer and Environmentalist in Save Life Initiative (SLI) Organisation.

About Project

Project Name: "The Sustainable Recycling and Reuse Project"

About: The Sustainable Recycling and Reuse Project - Pilot, is a two-part project that encompasses Community Outreach along with Research and Development of alternative solid waste disposal options. This proposed waste management through education and alternative solid waste disposal project pilot has been designed to heighten community awareness of the importance of reducing the environmental impacts of solid waste disposal while gathering data to identify diversified recycling and reuse methods beneficial for sustainable community development.

In 2020 our partner **Arbor Day Foundation** supported a project under its community tree recovery program which is mudslide tree recovery. **#savelifesl** is proud and grateful to share with you the before and after photos of regent village mudslides. Plant more trees to serve humanity and nature.

Trees provide us with many benefits necessary for survival, including clean air, access to clean water, shade, and food. Let's plant trees
